Dear Barbara -

Tried to get you by phone several times -  
So will resort to letter and hope it reaches  
you - If not, will talk when you get back -

Will you help us testify at the <sup>12 September</sup> hearing?  
You've been meeting regularly with the women  
and can speak to their current situation.

We can give some thought to mentioning  
FAB in a positive way. We'll talk when  
you get back - This is a bit different from  
what Carolyn and I had talked about - but  
on 2nd and 3rd those gfts - think that the  
team that has been working on the legislation

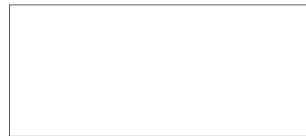

should testify - and then hopefully we'll  
(Helm, Schlesinger, Hareton) and/or  
be able to add a well known spokesman - I

am writing Charles Tabor tonight - so the  
team can be a panel as we did last time -  
Divide up time and topic - Will ask  
Charles to speak to the statistics we compiled  
and his experience as an overseas officer -

We can get together when you get back -  
If you will - and want to do this - I hope  
so !

Have missed you - And hope you will  
return much refreshed and invigorated -

Affectionately ,

STAT
